STILL as13

Mirror · W 700 × D 60 × H 1100 mm

\$320

any size and finish, made for your project

AS-14

MIRRORS · 30/30

SCREEN as14

Mobile Mirror · W 900 × D 500 × H 1800 mm

\$585

any size and finish, made for your project

MATERIALS / AND FINISHES

NINE FINISH OPTIONS

/
01

MILD STEEL 2-4MM SHEET

2-4mm sheet. Laser-cut, machine-bent, welded, ground. The load-bearing skeleton of every piece: it won't creak, won't loosen, will survive a move.

/
02

ALUMINUM 4MM SHEET

4mm sheet. Three times lighter than steel, doesn't rust at all. A cold, matte sheen after brushing – for where steel would be overkill.

/
03

STAINLESS STEEL AISI 304 • 2-4MM SHEET

AISI 304 sheet. Doesn't rust uncoated – not from water, not from cleaning agents. We grind it to a matte brush or polish it to a mirror.

/
04

LEATHER GENUINE / VEGAN

Genuine leather or dense vegan leather, your choice. Thick, resilient, gets more distinguished with age. Wear marks are a biography, not a defect.

/
05

TEXTILE CHENILLE / BOUCLÉ / BASKETWEAVE

Upholstery fabrics rated 30,000+ Martindale cycles: chenille, bouclé, basketweave. A warm counterweight to cold metal.

/
06

FUR GENUINE / FAUX

Genuine shearling or dense faux fur. The pile softens the rigidity of the steel frame – the piece becomes tactile.

/
07

NICKEL PLATING COPPER-NICKEL-CHROME

A galvanic copper-nickel-chrome triple layer. A mirror finish that never needs polishing. Unfazed by water, fingerprints, or time.

/
08

PATINA STABILIZED

Controlled rust, chemically stabilized. Chemistry sets the texture – we stop it at the right point. Won't flake, won't stain.

/
09

POWDER COATING RAL • 200°C

RAL powder coating, baked at 200°C. This isn't paint – it's armor. Any color for your project.

CUSTOM ORDERS

FROM A DRAWING OR SKETCH

We build from a designer's drawing or sketch — outside the catalog, for a specific project. We quote non-standard constructions for free and work directly with the workshop, no middlemen.

FOR DESIGNERS

SPECIAL TERMS

WE TAKE ON THE BOLDEST PROJECTS

We work with designers and architects on partner terms – from sketch to installation, no middlemen and no compromise on form.

FLEXIBLE TERMS

Custom terms and timelines for partner and repeat projects.

ANY COMPLEXITY

Non-standard shapes, sizes, and materials – built for your project, not our catalog.

DIRECT TO THE WORKSHOP

You work with us personally, no middlemen – from sketch to installation.

FAST RESPONSE

We reply within the day and quote non-standard pieces for free.

HOW WE WORK

TRANSPARENT, NO SURPRISES

/ 01

INQUIRY

You write to us – we discuss the brief, your interior, and the finish you have in mind. No obligation.

/ 02

QUOTE & RENDER

We match a metal-and-upholstery combination, send a photo of your exact combo and a firm price – before any payment.

/ 03

APPROVAL

We confirm the final combination, timeline, and cost – and put the piece into production.

/ 04

PRODUCTION

Full cycle in our own workshop: cutting, bending, welding, finishing. Usually from 14 days.

/ 05

PHOTO & DELIVERY

We show you the finished piece in photos, then ship worldwide.
